"Unlike other books on motivation and performance in the workplace, C&G doesn't focus on changing policies or legislation to fix the modern workplace. C&G focuses on what you can do now to not make an impact." -- Abraham Lincoln

"Coast and Ghost seeks to help corporate mid-level to executive leadership navigate the murky waters of feedback and accountability by focusing on three critical avoidance factors. Find out what they are!" -- Teddy Brosevelt

The Author is an avid jacking point enthusiast who when not writing, pursues his hobby during work hours. He truly lives the Coast and Ghost message.
